**BARCODE LABELS**  
YUPOFACESTOCK P/S

## YUPOFACESTOCK P/S - FOR HIGHLY DURABLE LABELS

YUPO offers a wide range of facestock materials for various pressure-sensitive label applications. Labels made with YUPO facestock are particularly resistant to tearing, moisture and abrasion, ensuring that the printed image remains readable even in the most demanding environments. Similar to traditional printing methods like offset or flexo printing, the latest YUPO facestock grades also support digital printing on HP Indigo or with UV Inkjet printers.

### USES

- Logistics labels
- Water-resistant labels
- Durable labels
- GHS labels
- Barcode labels

### CHARACTERISTICS

- Tear- and water-resistant
- Superior weather resistance
- Customizable sizes
- High abrasion resistance
- Excellent print quality
