VERSATILE LABEL SOLUTIONS.

YUPO

YUPOFACESTOCK SECURITY - FOR TAMPER-EVIDENT LABELS

YUPO's unique multi-layer structure enables various possibilities for labels with security functions. Labels printed on YUPO Security grades will leave permanent evidence after removal, making them a great choice for anti-counterfeit applications. The available grades include white and destructible versions for additional design flexibility.

USES

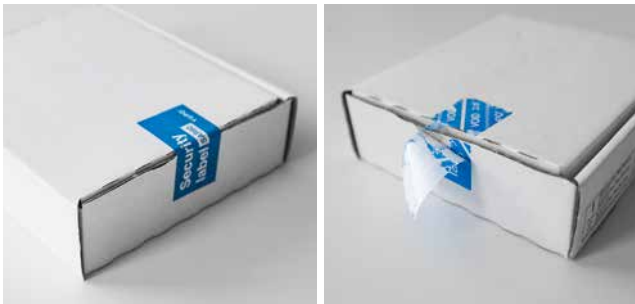

- Tamper-proof security labels
- Seal labels
- Warranty seal

CHARACTERISTICS

- Waterproof
- High-quality printing surface
- Leaves residue on the application interface
- Optionally available with UV fluorescent fiber coating
